

The Mission of Nombre De Dios (Name of God) and the Shrine of Our Lady of La Leche in St. Augustine, Florida, are on America's Most Sacred Acre. Here, at the cradle of our American beginnings, September 8, 1565, Don Pedro Menendez planted the Cross, Father Francisco Lopez de Mendoza Grajales offered the first parish Mass, and our American life began. This all took place 55 years before the pilgrims landed at Plymouth Rock.
